**Notice**

**Subject: Pilot for setting up of English Language Lab (ELL) for  
Schools in Maharashtra under STARS Project.**

STARS, MPSP, Mumbai is interested in setting up ELL for 3<sup>rd</sup> to 10<sup>th</sup> grade school students under the World Bank Supported "STARS Project". The purpose of this software is to cover all the aspects of language learning viz. listening, speaking, reading and writing thus help students remove the influence of vernacular accent. Software to be interactive, should include glossary of words, enable teachers to allot student's assignments. Content to include instructor led learning, computer based learning and contextual scenario-based learning in alignment with the existing curriculum with 24x7 technical support.
